Steam Community :: Guide :: Embraer 195 FMS Tutorial

The E170 is the smallest aircraft in the E-Jet family and was the first to enter revenue service in March 2004. As of 2017, the E170 is largely out of production. The E170 typically seats around 72 passengers in a typical single class configuration, 66 in a dual class configuration, and up to 78 in a high density configuration.

...

The aircraft flight characteristics, as far as I can judge, in manual or automatic mode are great. It flies in manual flight mode smooth and elegant, but this is in the automatic mode the same. External conditions are picked up smoothly by the AP and even engine surges are corrected nicely by the A/T system.
