Manuals
Hesston 1340 swather PTO - posted in Machinery: I bought a 1340 Hesston Disc mower conditioner from a dealer Monday morning. Salesman advised the machine was ready to go to work, they had checked it out, it was only rough looking. I checked the rotors, and they were tight, the driveline looked good, it did not have the front half of the PTO shaft, but dealer advised he had the CV joint half ...

Hesston has been known as the hay and forage innovator since 1955, when the company developed the first commercially available self-propelled windrower. Other industry firsts have included the first hydrostatic windrower, the first center-pivot mower-conditioner and the first big square baler—which had nearly 50 individual patents of its own.

Hesston 1340 Mower Conditioner
Barium, a 8312 CH is a Hesston 1340 fyi. We had one we just sold (if he'd pay me) this season. Had 10000 of acres on it. GREAT machines. 1345 is just newer version. Rotary mower conditioners are not cheap. If they are they are done. Have 2 newer of same but 15' an both good. Look for a roller conditioner one.
