The Econoline pickup was only produced during the first generation of production, ending production after the 1967 model year. In 1961, Ford projected the pickup leading the van in sales; however, buyer preferences weighed heavily towards the van configuration. The pickup accounted for only ten percent of 1961 Econoline production.

This amazing 61 Ford Econoline 5 Window Custom Cab Truck is perhaps one of the very best examples in the country. It was restored from the ground up with a painstaking level of detail and focus on originality. This was a full frame off restoration that has garnered great attention and awards among the Ford truck scene.

Cars - 1961 Ford Econoline 5 Window Custom Cab Truck

Econoline History. Introduced in the fall of 1960 as a 1961 model, the Econoline was unlike any truck previously offered by Ford. Mechanically based on Ford's compact Falcon line, the flat nosed Econoline was a light duty work truck that featured unibody construction and an engine located between and behind the seats of a "mini cab-over" design.
