These changes mean that pro-choice campaigns in Europe have often moved away from the risks of 'backstreet abortions' as a central narrative when campaigning for abortion liberalisation. In contrast, in the UK, anti-abortion activists are increasingly using ideas about 'backstreet abortions' to resist further liberalisation.

(Re)imagining the 'Backstreet': Anti-abortion Campaigning ...

Assessing social and environmental risks in mineral extraction and processing, and industry's ability to appropriately manage such risks, remains a challenge for downstream companies due to the size and complexity of international supply chains. In addition to the difficulty of reaching suppliers beyond the
