Always Managing My Autobiography Harry

This book about the managing legend Harry Redknapp, is one of the best that I have ever read. The book not only talks about his managing career, but also his personal life and playing career. This book shows that he is an amazing man, and someone really to look up too. Even if your not the biggest fan of him, I would recommend this book to anyone.

As noted by previous reviewers, this isn't your typical football autobiography. Harry has lots of fantastic stories to tell and even if a particular part of his career doesn't grab you (unlikely, as the style of writing throughout Always Managing is very compelling and frequently peppered with his trademark good humour), the narrative progresses quickly with little dwelling on past glories or formative years, setting the book apart from many sports biographies.
