In Module 2, we will discuss three models of abnormal behavior to include the biological, psychological, and sociocultural models. Each is unique in its own right and no single model can account for all aspects of abnormality. Hence, we advocate for a multi-dimensional and not a uni-dimensional model. Module Outline. 2.1.

Introduction. The Bible never directly addresses the question of whether animals go to heaven when they die, although it does specifically mention at least one type of animal in heaven: white horses (Revelation 19:11-14). However, we must remember that this was a vision given to the Apostle John concerning Christ's judgment of the earth. Considering that the horses in question
