Massage and Manual Therapy Certification. Certainly, a massage therapist is already a manual therapist. With schooling that is typically around 500-750 hours, manual therapy skills are taught and learned. Yet, when all these hours are divided amongst the various content areas that must be covered (anatomy and physiology, ethics, business, and hands-on), the actual expertise that the massage school graduate has in any one technique area of hands-on manual therapy is not necessarily that great.

Manual Therapy Certification for Massage Therapists

This skill is an essential one to teach to clients — and an essential one for therapists to have mastered before the client is in the room. Importantly, Linehan's manual is written for the therapist to use as a teaching tool rather than for a client to use on their own. As such, the manual is the perfect resource for new therapists.
