HISTORICAL BACKGROUND. Police powers of the states are an expression of civil authority, i.e., the state's ability to control, regulate, or prohibit non-criminal behavior. 6 Health officials may use these powers to compel treatment, prohibit or direct a particular conduct, or detain and isolate in a quasi-criminal nature. 7 The courts have consequently held that states must demonstrate that ...

The idea of a constitutional government with three separate branches of the state would later become essential in the writing of the American constitution. To get any official new legislation passed into law, the U.S. President must always work together with Congress. This is a legacy of Montesquieu's political philosophy in practice today.
