England in the Middle Ages concerns the history of England during the medieval period, from the end of the 5th century through to the start of the Early Modern period in 1485. When England emerged from the collapse of the Roman Empire, the economy was in tatters and many of the towns abandoned. After several centuries of Germanic immigration, new identities and cultures began to emerge, developing into kingdoms that competed for power.

England's wealth in the later Middle Ages was its land, the exploitation of which engaged most Englishmen: growing corn, producing dairy goods, and tending livestock. England's most important industry, textiles, was indirectly based on the land, producing the finest wool in Europe from often very large sheep flocks: St Peter's Abbey ...

England in The Late Middle Ages (1307-1536) by A. R. Myers forms the fourth volume of The Pelican History Of England. Now sixty years old, this particular text examines a period of transition, perhaps from the traditional towards the modern, at least in spirit.

England in the Late Middle Ages by A.R. Myers

The Late Middle Ages or Late Medieval Period was the period of European history lasting from 1250 to 1500 AD. The Late Middle Ages followed the High Middle Ages and preceded the onset of the early modern period. Around 1300, centuries of prosperity and growth in Europe came to a halt. A series of famines and plagues, including the Great Famine of 1315–1317 and the Black Death, reduced the population to around half of what it had been before the calamities. Along with depopulation came ...
