NPTEL :: Mechanical Engineering - Industrial Engineering

El Buffa was one of the founding fathers of the field of production and operations management. His very first book, Modern Production Management published in 1961, redefined the field. Its key contribution was to integrate ideas from industrial engineering and the then rather young discipline of operations research to suggest ways to improve efficiency in both the manufacturing and service sectors.

Elwood Buffa

Adam Hibred., BSc Psychology, Hampton University (2014) Answered January 14, 2020. For close to 20 years, "Industrial Engineering and Production Management" has been a successful text for students of Mechanical, Production and Industrial Engineering while also being equally helpful for students of other courses including Management., Divided in 3 parts and 38 chapters, the text combines theory with examples to provide in-depth coverage of the subject.
