The method describe here isn't really anything new...and Japanese women do get fat and old if they don't eat or have a healthy regiment. The Japanese do have one of the world's longest life expectancy rates but there are also numerous health issues within the Japanese people. Cancer, high blood pressure, and diabetes, as well as stress

Traditionally, the Japanese diet has been praised for its health preserving benefits - and don't restrict your view of the Japanese cuisine to sushi rolls. Naomi Moriyama has decided to share the basic principles of her country's cooking in her book 'Japanese women don't get old or fat'. She argues that
