Maths: Age 7–8 (Year 3) In Year 3, your child will continue to develop their understanding of numbers and start to calculate using formal written methods. They will learn a lot more about fractions, including tenths. They will find perimeters of 2D shapes, use the 24-hour clock, recognise angles, and start to use bar charts.

Maths: Age 7-8 (Year 3) | Oxford Owl

There are certain math milestones most kids hit at roughly the same age. But keep in mind that kids develop math skills at different rates. If kids don't yet have all the skills listed for their age group, that's OK.
