Arithmetic Problems •

What is $7777+1$ in base 8? Solution: In base 10, $7 + 1 = 8$, but in base 7, $7 + 1 = 10$.

So $7777+1 = 7770+10 = 7700+100 = 7000+1000 = 10000$. •

In what base is 212 equal to 225 10?

Solution: call the base b . Then in base 10, $(2 * b + 1)^2 = 225$. So

Through Inquiry is an innovative textbook that leads students on a carefully guided discovery of introductory number theory. The book has two equally significant goals. One goal is to help students develop mathematical thinking skills, particularly, theorem-proving skills. The other goal is to help students understand some of the wonderfully rich
