The UN Secretary General's report on the death penalty presented to the Human Rights Council held that "some 170 States have abolished or introduced a moratorium on the death penalty either in law or in practice, or have suspended executions for more than 10 years". Capital punishment doesn't rehabilitate the prisoner and return them to society.

The central weakness of the UN is the Security Council, which is limited to five permanent members – China, France, Russia, the United Kingdom and the United States – with outsized powers. The five have veto power on key UN decisions. The UN Security Council as it is, is simply not relevant to the changing world anymore.
