Perspectives On International Relations Power

This is an excerpt from International Relations Theory - an E-IR Foundations beginner's textbook.Download your free copy here.. The Global South is generally understood to refer to less economically developed countries. It is a broad term that comprises a variety of states with diverse levels of economic, cultural, and political influence in the international order.

Global South Perspectives on International Relations Theory

Since the 1970s the study of international relations has been marked by a renewed debate about the relationship between structures and institutions in international systems. On one side of the controversy was a revival of the school of realism, known as neorealism, which emerged with the publication of Kenneth Waltz's Theory of International Politics in 1979. Neorealism represented an effort ...
