Problem #1: It works mostly for the short term If a person is skilled at using language patterns, anchoring and triggering states, stacking a person's hot- buttons etc., it is possible to "persuade" a wide variety of people to say "yes" in the short-term, to something that may not be in their best interest. A student of this approach to persuasion may get 'a win' and even boast about ...

## **My NLP Resources - Jamie Smart - PickUp-Date-Seduction Courses**

If you're a salesperson, there are five questions that will let you know exactly what your customer wants, what they don't want, and how to propose and position what it is you have to offer.. If you're not a salesperson these questions will be useful every time you really need to understand what's important to someone.
