Methodology - Wikipedia

Secularism is the principle based in secular humanism that seeks to conduct human affairs based on secular, naturalistic considerations. It is most commonly defined as the separation of religion from civic affairs and the state, and may be broadened to a similar position concerning the need to remove or to minimize the role of religion in any public sphere.

Secularism - Wikipedia

Principles of Political Economy (1848) by John Stuart Mill was arguably the most important economics or political economy textbook of the mid nineteenth century. It was revised until its seventh edition in 1871, shortly before Mill's death in 1873, and republished in numerous other editions.
