Smart Cockpit Boeing 737 Engine

Six Boeing 737-800s were acquired in August 2005, with handovers starting in September the following year and a delivery span of three years. On lease from GECAS, Egyptair took delivery of its first 346-seater Boeing 777-300ER in March 2010. In June 2011, the airframer delivered the airline's 50th Boeing aircraft, a 737-800.

Egyptair - Wikipedia

The biggest difference between the Mercure and the Boeing 737-200 was range. While even the earliest incarnation of the baby Boeing could fly for 4,800 kilometres (2,992 miles), the Mercure was so carefully tailored to the needs of domestic-only Air Inter that it was crippled by a maximum range of only 2,000 kilometres (1,295 miles), and, with ...
