Nissan KA engine - Wikipedia

The Nissan Z series of engines ranged from 2.0 L to 2.4 L and were produced from 1979 through August 1989. The Z series engines retained a nearly identical block to the earlier Nissan L engine with the exception of the Z24 which utilized a taller deck height to increase engine displacement. The most notable feature of the Z-Series engine was the introduction of the crossflow cylinder head which ...
