Purplemath. The last two easy transformations involve flipping functions upside down (flipping them around the x-axis), and mirroring them in the y-axis.. The first, flipping upside down, is found by taking the negative of the original function; that is, the rule for this transformation is $-f(x)$.. To see how this works, take a look at the graph of $h(x) = x^2 + 2x - 3$.

Object lessons on transformation can help you illustrate important Bible promises like the one found in 2 Corinthians 3:18. The scripture says, "And we all, who with unveiled faces contemplate the Lord's glory, are being transformed into his image with ever-increasing glory, which comes from the Lord, who is the Spirit." (NIV) What hope!

"Do not conform any longer to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is-his good, pleasing and perfect will" (Romans 12:2) In Proverbs 23 it says, as a man thinks in his heart so is he (Proverbs 23:7). Our actions are a result of what we think.

Romans 12:2—Being Transformed By the Renewing of Your Mind

"Reflection is a blessing and reflection happens not only when one sees himself on a mirror or on the windowpane or on a puddle, but it also happens when someone criticises you! In every true critique made on you, you will see yourself and you will obtain a good chance to make corrections on yourself! Reflection happens even in the books you ...
