There are a few things to remember that will go a long way when you decide to talk to anyone about contraception, or any big life decision for that matter. 1. Be assured. Don't be embarrassed, sex is a normal part of life and talking about contraception shows you are taking responsible steps to protect yourself.

Let`s Talk About Contraception

After all, contraception is basically a temporary form of sterilization, while sterilization is a permanent form of contraception. Each, though, is essentially the same thing: an act that intentionally renders the sexual act sterile. So when I refer to our culture of contraception, what I'm really referring to is our culture of sterilized sex.
