The World According to Monsanto: Pollution, Corruption ...

The World According to Monsanto is aptly named. It is about Monsanto seeking to recreate the world in its own image, for its own benefit. They intend to replace (and patent) the entire food supply. And since their genetic pollution self-propagates in the environment, it will outlast the effects of global warming and nuclear waste.

The World According to Monsanto | Institute for ...

The World According to Monsanto ultimately suffers from its central framing device, which consists of filmmaker Marie-Monique Robin sifting through Google search pages to find the next lead in her investigation, as well as its one-sided view of the issue. But the evidence it does offer provides much food for thought.
