Right-clicking on a skill in a hangar or cargohold, also gives you an 'Inject skill' option. Injecting a skill shunts the skill from the skillbook into the Skills list on your Character Sheet (and destroys the skillbook), but doesn't actually start it training -- effectively it stores the skill at 'level 0'.

Agile capacity planning is a part of the Agile planning process, in which you calculate the capacity of your Agile team. Capacity planning helps the team understand the amount of productive engineering time available in a sprint. For example, to perform capacity planning for an Agile team, you must gather each team member's availability and time off, and then add up the individual capacities ...
